Site 1 = Marshfield Medical Center

Comments: Ambulatory clinic – ½ day per week

Definition of Rotations:

Hospital: CCU, Consults, Heart failure, Wards	Inpatient Critical Care/Wards	9 months required	Counts toward requirement for 9 months non-laboratory experience
Cath	Diagnostic Cardiac Catheterization	3 months required	
Echo	Echocardiography	6 months required	Programmatic requirement for all trainees to achieve ACC Core Cardiovascular Training Statement (COCATS) Level III Counts toward requirement for 7 months multi-modality imaging (MMI)
EP	Electrophysiology	2 months required	
MR/CT	Cardiac MRI	1 month required	Counts toward requirement for 7 months MMI
	Cardiac CT	1 month required	Counts toward requirement for 7 months MMI
NUC	Nuclear Cardiology	1 months required	Includes PET; counts toward requirement for 7 months MMI
Research	Research	5 months	
Elective	Based on career interest, trainees may select from any of the above cardiology rotations or an advance Echo rotation which concentrates on transesophageal echo and other special procedures		

Fellowship Requirements

Service	Length
Hospital: CCU/Ward/Consults	9 months
Cath	3 months
Echo	6 months
MRI	1 month
CT	1 month
EP	2 months
Nuclear	1 months
Research	5 months

Time Away

- 3 weeks PTO, 1 week meetings
- Fellows are allowed time away during each academic year with program director and necessary program leadership approval
