News and Notes:

The Scope is delighted to share that the Cardiovascular Disease Fellowship Program has recently received full accreditation status from the Accreditation Council for Graduate Medical Education (ACGME).

Director's Discourse

Welcome to the fall edition of *The Scope*.

The Scope is a publication for all of you: residents and fellows, students, and all the learners of the Marshfield Clinic Health System. It is a publication to showcase your fellow colleagues and friends in their training programs as well as to highlight local community events and area attractions.

I'm sure all of you are aware, the Marshfield Clinic Health System (MCHS) and Sanford Health are actively pursuing a potential merger in the near future. This is a great opportunity for our health system as we would become part of the largest health system devoted to rural care. This would be a great benefit to our local communities. Marshfield Clinic Health System and Sanford Health both share a dedication to education which would only grow. Sanford Health has recently expanded its graduate medical education programs and is quite involved in medical school education as well. We look forward to all the great opportunities with a new partner.

The MCHS residency and fellowship program expansion continues. The Vascular Surgery Fellowship has welcomed its first fellow and has already been planning for its next fellow in 2025. The Cardiology Fellowship has just received full accreditation status after its recent ACGME site visit. It now has a full complement of fellows and looks to expand in the future.

I would also like to remind you if you are having trouble adjusting to your new role as a brand new intern, or even as an experienced senior resident, or if you are experiencing difficult circumstances, please feel free to contact the Resident Well-Being Committee (RWBC). It is a confidential resource that is available to you.

Welcome to a new academic year at the Marshfield Clinic Health System, good luck to all of you!

Matthew J. Jansen, M.D.
Director of Education

Welcome New Residents/Fellows!

*MCHS's
Division of
Education
is pleased to
welcome the
33 new
residency/
fellowship
trainees seen
on these
pages.*

*They join 56
"veteran"
trainees.*

Welcome New Pharmacy Residents!

Basem Elsayed,
Pharm.D.

Eun Lin Bin,
Pharm.D.

Salena Lee,
Pharm.D.

John Macdonald,
Pharm.D.

The Pharmacy Residency Program is continuing to explore the creation of a new PGY-2 pharmacy residency in Infectious Diseases (ID). This will join the PGY-2 Medication Use Safety and Policy Infectious Disease pharmacy residency program prepares pharmacists to specialize in the care of patients with infectious disease. In order to be eligible for a PGY2 specialty residency, pharmacist residents must first complete a PGY1 pharmacy residency. The goal is to start the PGY-2 ID residency at MCHS in July 2025.

Well-Being Resources Offered to Residents/Fellows

Dear Colleagues,

Your well-being as resident physicians is paramount to our mission of providing high-quality patient care at MCHS. We recognize the demanding nature of your role and the unique challenges you face. It is essential that you maintain your physical, mental and emotional health to ensure optimal performance and job satisfaction.

I want to take this opportunity to introduce myself. My name is Dan Jurczyk and I am the new Director for GME Well-being at MCHS. I am a Wisconsin native, born and raised. All of my training and post-secondary education was completed at UW-Madison, including an undergraduate in microbiology, attending medical school at UWSMPH where I was in the WARM program here at Marshfield for two years for my clinical training and completing my residency (including chief resident) at UW Health. I have a passion for resident well-being, education, education and helping other medical professional succeed in their careers. In my free time, I spend the days with my family, including my wife, son, dog and cat. We travel near and far and recently did a cross country trip (in two parts) where we visited coast to coast in a minivan.

The Well-being Committee is here to support you in every way possible. Our goal is to create a supportive and inclusive environment where you feel valued, respected and cared for. We offer a variety of resources and services designed to address your needs, including the following:

- **Counseling and Mental Health Support:** Access to confidential counseling services to help you navigate stress, burnout, and other personal challenges.
- **Resident Retreat:** Once-yearly activity where we do educational events on well-being along with have bonding between programs.
- **Wellness Events and Activities:** Social events and activities to promote relaxation and well-being. I encourage you to reach about the Resident Association for the possibility of funds to help financially with resident directed activities.
- **Advocacy:** We advocate for policies and practices that support resident well-being and address systemic issues that may impact your health.

We encourage you to reach out to the Well-being Committee if you have any questions or concerns. Your wellbeing is our priority, and we are committed to providing you with the support and resources you need to succeed. Please see the Resident Well-Being website at <https://www.marshfieldclinic.org/education/residents-and-fellows/well-being-committee> or email daniel.jurczyk@marshfieldclinic.org

Sincerely,

Daniel Jurczyk, MD

Director of GME Wellness and Chair of the Resident Well-Being Committee

RWBC Committee Members:

- Daniel Jurczyk, Ph.D.
- Victoria Viegut, M.D.
- Rana Nasser, M.D.
- Rosemary Reriani, M.D.
- Mark Ridder, M.D.

Recent Grads and Their Plans

Twenty-six residents and four fellows completing training at Marshfield Clinic Health System have been honored in various celebrations as part of the 47th annual graduation event.

Program directors include Erik Stratman, M.D., Dermatology Residency Program; Jessica Wernberg, M.D., General Surgery Residency Program; Ateeq Rehman, M.D., Internal Medicine Residency Program; Emily Ciula, D.O., Internal Medicine-Pediatrics Residency Program; Suzanne Wright, M.D., Pediatric Residency Program; Sara Griesbach, Pharm.D., Pharmacy PGY-1 Residency Program; Jennifer Michels, Ph.D., Post-Doctoral Adult Psychology Fellowship; Stacy Braun, Ph.D., Post-Doctoral Child/Adolescent & Pediatric Psychology Fellowship; and Patrick Wolf, D.O., Emergency Medicine Fellowship Program.

Matthew Jansen, M.D., serves as director, MCHS Division of Education, and designated institutional official ((DIO) for these training programs.

Those honored and their plans include:

Dermatology Residency Program: David Griffin, M.D., Moh's fellowship at University of Missouri – Columbia, Missouri; and Faraaz Zafar, M.D., dermatologist at RC Dermatology – Des Moines, Iowa.

General Surgery Residency Program: Patrick Mota, M.D., general surgeon at Bassett Health – Cooperstown, New York; Raquel Abengozar, M.D., general surgeon at Sauk Prairie Healthcare, Prairie du Sac, Wisconsin; Natalia Rodriguez Luquerna, M.D., hand fellowship at Christine M. Kleinert Institute for Hand and Microsurgery – Louisville, Kentucky.

Internal Medicine Residency Program: Ahmad Basharat, M.D., primary care physician at Marshfield Clinic Health System – Marshfield; Foram Bhagat, M.D., Nuvance Health Medical Practice – Norwalk, Connecticut ; Maneet Chatha, M.D., primary care physician at Aurora Medical Center Bay Area – Marinette, Wisconsin; Virmitra Desai, M.D., hospitalist at McLaren Hospital Bay Region – Bay City, Michigan ; Amog Jayarangaiah, M.D., hematology/oncology fellowship at Jacobi Medical Center – Bronx, New York; Rinki Pandya, M.D., endocrinology fellowship at Oregon Health and Science University – Portland, Oregon; Hiral Patel, M.D., AdventHealth Ocala – Ocala, Florida; Sana Rehman, M.D., Omsted Medical Center – Rochester, Minnesota; and Nandhini Sureshkumar, M.D., endocrinology fellowship at University of Wisconsin School of Medicine and Public Health – Madison, Wisconsin.

Internal Medicine-Pediatrics Residency Program: Felipe Echeverria, M.D., med-peds physician at Marshfield Clinic Health System - Marshfield; and Medhavani Chandra, M.D., sleep

medicine fellowship at University of Wisconsin School of Medicine and Public Health – Madison, Wisconsin.

Pediatric Residency Program: Sukaina Abbas, M.D., urgent care physician at Texas Children's Hospital – Houston, Texas; Blake Bischoff, M.D., pediatrician and hospitalist at Monterey Peninsula Pediatric Medical Group – Monterey, California; Wajeaha Mahmood, M.D., pediatric hospitalist Kaiser Permanente – Modesto, California; Ayodele Obigbesan, M.D., pediatrician at Cincinnati Children's Hospital Medical Center – Cincinnati, Ohio; Eshita Patel, M.D., pediatrician at Almoie Pediatrics – San Antonio, Texas; and Hasmik Verdyan, M.D., pediatric neurology fellowship at University of California-Irvine Children's Hospital of California – Irvine, California.

Pharmacy PGY-1 Residency Program: Kelly Berglund, Pharm.D., clinical pharmacist at Aurora West Allis Medical Center – West Allis, Wisconsin ; Taylor DeBoer, Pharm.D., pharmacy specialist at Aspirus Wausau Hospital – Wausau, Wisconsin; Reynell Flores Morales, Pharm.D., PGY2 ambulatory pharmacy residency at Morton Plant Hospital/Turly Family Health Center – Clearwater, Florida ; Kelly LeValley, Pharm.D., undetermined; Mark Moua, Pharm.D.; PGY2 oncology residency at UW-Health – Madison, Wisconsin; Tiffany Nguyen, Pharm.D., PGY2 clinical pharmacogenomics residency at Mayo Clinic – Rochester, Minnesota; Josey Poppens, Pharm.D., PGY2 hemostasis and thrombosis residency at Sanford Health System – South Dakota; and Travis Witt, Pharm.D., pharmacist at Marshfield Medical Center – Marshfield.

Emergency Medicine Fellowship Program: Ali Nazaerali, M.D., emergency medicine physician at Marshfield Clinic Health System – Rice Lake; Brandon Payne, D.O., emergency medicine physician at Marshfield Clinic Health System – Rice Lake.

Post-Doctoral Primary Care Fellowship Program: Kristina Kochanova, Ph.D., psychologist at Marshfield Clinic Health System – Marshfield.

Post-Doctoral Adult Fellowship Program: Joan Quinones, Psy.D., undetermined.

The residency program of Marshfield Clinic Health System has now graduated a total of 915 residents and 59 post-doctoral fellows since 1974. More than 100 of those graduates are caring for patients at Marshfield Clinic Health System.

The Best of Marshfield Survey is an annual measure of the best offerings in Marshfield and the surrounding areas. Developed by a Leadership Marshfield class in 2009, this project was designed to increase the awareness of local businesses with area residents and visitors. The public is encouraged to express their opinion by voting for their favorites in Marshfield.

The survey is conducted in April and results are typically announced in May at the Tourism Banquet. Winners in each category receive plaques and bragging rights for the year.

Marshfield Clinic Health System News Bites

As seen on Marshfield Clinic Health System's Press Release [Internet Site](#):

September 16, 2024- full story available on Internet site.

Flu Vaccinations Now Available at Marshfield Clinic Health System

MARSHFIELD – Marshfield Clinic Health System is now offering influenza (flu) vaccinations at all primary care locations throughout Wisconsin.

Influenza, commonly referred to as "flu," is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and sometimes the lungs. It can cause mild to severe illness. During the most recent flu season, it was estimated there were more than 300,000 people hospitalized and more than 20,000 people died from the flu in the United States.

The best way to prevent flu is by getting a flu vaccine each year. Studies have shown that vaccination reduces the risk of hospitalization and death from influenza.

The 2023-24 vaccine was a good match for circulating viruses and in preventing hospitalizations. The 2024-25 vaccine has been updated to protect against the three most common strains of flu.

In the northern hemisphere, most of the time flu activity peaks between December and March, but activity can last as late as May.

"Everyone should get a flu vaccine this year, preferably before November," said Dr. Edward Bolognia, a scientist at the Marshfield Clinic Research Institute who studies vaccine safety and effectiveness. "Flu seasons are unpredictable in terms of timing and severity, and in some years we see substantial flu activity in November. It takes a couple weeks for your immune system to respond and generate protection after vaccination."
