

Skip the line. Get it delivered.

Time is valuable. That's why we're making it easier to get recurring prescriptions delivered right to your door.

Here's how to get started:

» Call us at 1-877-509-4980.

Set up mail order prescriptions with our pharmacy team. After a few simple steps, you'll receive recurring prescriptions going forward.

- Once payment is on file, you can manage prescriptions through the My Marshfield Clinic app.

» Or ask us next time you're here.

We also can set up mail order prescriptions in person. Just ask our pharmacy team about mail order options at your next appointment or prescription pick-up.
